SHIPPED COOLED SEMEN CONTRACT-2012

This document is an arrangement between Nebraska Equine Veterinary Clinic and a stallion owner or a mare owner defining charges for a 1 time collection, evaluation, packaging, and shipping of fresh cooled semen during the breeding season of 2012. Any additional veterinary procedures, determined necessary for successful semen transport, will accrue additional charges depending on the procedure (i.e. centrifugation or spinning semen).

Collection of the stallion, extending the semen, semen evaluation (percent motility and semen concentration), packaging, and shipping Monday through Friday will cost \$390.00 each shipment. Saturday deliveries will have an additional shipping fee of \$20.00 for a total of \$410.00

Payment in the form of cash, check, or credit card is required before the semen is transported. Shipment will be overnight via UPS or Federal Express unless another carrier is requested.

This clinic must be notified before 10AM Central Standard Time, on the day **before** semen is to be collected. The correct shipping address, owner of the mare, and the mare's registered name must be provided prior to shipment

An additional deposit of \$150.00 for the use of the shipping container will also be required. If paying by check please use a separate check for this deposit to be returned to you or shredded upon request. This will be refunded if the container is returned within 5 working days. The deposit can either be cash, check, or credit card. Charges pertaining to the return of the shipping container are the responsibility of the mare owner.

If the mare owner requests the semen to be transported by airplane counter-to-counter, then additional charges will be added depending on transportation of semen to the airport and flight expenses. At this time the majority of these flights will be booked through the company Air-Net Express (with an approximate cost of \$200.00-\$250.00). Flight details will be provided when the flight schedule is arranged.

Please fill out the following information and sign indicating that you have read and agree to the above information.

Financial policy regarding payment schedule:

Information pertaining to the mare in which semen will be shipped from needs to be provided.

Stallion Owner: _____

Stallion Name: _____

Mare Owner: _____

Address: _____
